## This Week In School...

**Year 3** – have been working incredibly hard. They have made all of the staff proud with their achievements in their end-of-year assessments. It is wonderful to see the progress they have made this year. In English, they have been planning and starting to write instructions about mummification, linking with their Humanities topic about Ancient Egypt. In Maths, they have been looking at the properties of 3D shapes. During PE lessons, they have been practising their races ready for sports day and are very excited about winning points for their house teams. In RE, they have been looking at Hindu festivals including Holi and Diwali. They made paper lanterns to remind them that Diwali is the festival of light.

**Year 4** – have been very busy completing their end of year assessments. We are very proud of how hard they have worked this week! In English, they have been writing character descriptions of the mysterious Abdul Kazam from their class text. In Maths they have been exploring coordinates and plotting them on a grid. In PSHE, they discussed what changes they have been through and offered suggestions for how they could deal with them. Both classes got to take part in their 96% Attendance Challenge and enjoyed a lovely afternoon watching a movie.

**Year 5** – have worked extremely hard on their assessments this week and should be really proud of what they have achieved. We have been so impressed by their perseverance and determination despite some of the assessments being particularly tricky. In addition, they have continued to explore the class text, focusing on the illustrations used and how they link to the emotions of the book. The children have discussed how this book makes them feel, considering what it would be like to leave everything behind, if they were a refugee. In English, the children have used some amazing vocabulary to describe the terrifying sea creature, The Kraken. Their descriptions have been spooky and detailed, included some great expanded noun phrases to describe how The Kraken devours its victims. Finally, in PE, they have been preparing for sports day, taking part in different races and activities to improve their skills and techniques ready for the big day!

**Year 6** – have been busy rehearsing for their end of year production, they impressed us by going script free and remembering their lines! They are doing a fantastic job and it is all coming together beautifully. In Maths, they have continued to work on their bakery project and have worked especially hard on their problem-solving skills. During PE, Year 6 have been practising their athletic skills in preparation for Sports Day! In Humanities, Year 6 have continued to learn about crime and punishment during the Medieval and Tudor Period up to the early modern period.
