THEMES IN ART

- Artists all around the world, both working now and in the past base their work around different themes.
- For art this week we are going to be looking at some common themes that occur in art.
- In some artworks it will be easy to tell what the theme is and in others it will be very difficult. This doesn't make it wrong, it just means that the artist works in a abstract way. There is no right or wrong when it comes to art.
- The same thing can be said about liking a piece of artwork. You don't need to like every piece but you should be able to explain why you do or don't like a piece of art. This skill will help you become a better artist.

WE ARE GOING TO EXPLORE 5 DIFFERENT THEMES THIS WEEK AND RESPOND TO EACH ONE.

- What does space mean to you?

- Again use any materials you have available.

This task can be completed individually or as a sibling collaboration.

Remember to send a picture of your work to your class teacher.
