15th January 2018

Dear Parents,

Internet Safety Meeting

Children love using the internet! Yet, like all technologies, using the internet can present some risks. Iver Village Junior School takes internet safety very seriously and implements many safety features to keep children safe when using internet in school; however, we do not have any control over how children use the internet at home or, increasingly, via mobile technologies.

To raise an awareness of these risks and to look at how you will be able to help us keep children safe we have arranged a parents' session on Tuesday 6th February 2018 at 2:00pm – 3:15pm in the hall where all parents are invited to a presentation on internet Safety.

To assist us with this presentation we have invited Graham Briggins, a PC officer from Thames Valley Police. He is also a Youth Police Officer and a member of the Bucks E-safety team. Graham will show how the internet has changed and the benefits and risks it presents. He will also offer some advice and practical tips on how you can help protect your child when they are using the internet and who to report problems to.

We do hope you will be able to attend and that between us we can keep our children that much safer.

So that we can plan for the evening, please click through to the link below to RSVP; this will give us an idea of numbers.
