

INSPIRE SPORTS COACHING

Iver Village Junior School Darts After School Club

Inspire Sports Coaching will be running a Darts after school club at Iver on Tuesdays for pupils, boys & girls, in Year 4, 5 & 6. Darts over the years has grown as a sport immensely. Off the back of Luke Littler's astonishing performance at the World Championship, at 16 years old, we are on the lookout for the next superstar!

We have created a programme for our attendees to be educated on the rules, techniques & explore many aspects of the game, all in a safe environment using soft tip darts. With multiple fun darting games, as well as traditional, our attendees will be inspired to challenge their ability in areas such as resilience, determination, accuracy, even their counting....This club is sure to be a hit! If you require any further information, please contact us via our email or you can sign up via our website, all located at the bottom of this page.

There is a promotional video on our Facebook page of this club – please feel free to check it out!
