Library to open in Iver Village High Street

For the past few years, since the closure of the Iver Community Library at Cornerstone in Richings Park, the only library for the area has been at Iver Heath. The Iver Heath Library is a Community Library supported by Bucks County Council and a group of volunteers.

Following the purchase of the old Iver Police Station in the High Street by Iver Parish Council, space has been created for housing a number of ventures, one of which is going to be a Community library.

Iver Community Libraries have come to an agreement with Bucks County Council that they will allow us to operate their 'Click and Collect' scheme for ordering books from the Bucks Library stock. These will be delivered and collected from this new library.

Iver Community Libraries is a volunteer-led Charity, working to provide library facilities due to the withdrawal of funding for these by Bucks County Council in 2006.

We are funded by donations and occasional grants.

We are now seeking volunteers to help run the library and assist users with the 'Click and Collect' system.

If you do wish to help, then please complete the form on the reverse of this newsletter and return it to any of the following locations.

- Iver Parish Council offices - High Street, Iver (Old Police station)
- Iver Infant School
- Iver Junior School
- Costcutters, Richings Park

Or send an email to the email address below.

We will be holding a briefing session at the library on Wednesday, September 19th where you can learn more about this venture. There will be two sessions, one at 10.00am and one at 2.00pm
