16th March 2018,

Dear Parents/Guardians,

Maths Day!

We are very excited to tell you that we will be celebrating 'Maths Day' on Wednesday 28th March.

To celebrate this day, the children will be immersed in a range of Maths learning including playing maths games and investigations that develop their reasoning skills.

As part of Iver Village's vision to develop a positive ethos surrounding maths, we would like to invite any parents to talk to the children about how maths is used in their profession. If you are interested in being involved in this part of the day, please contact Miss Zughaid directly or contact the school reception where we will arrange a time for Miss Zughaid to contact you.

We are also inviting all parents at 2:45pm to interact with their child, playing maths games and discussing their maths learning. Parents can enter the classroom of their child where they usually pick of them up.

This day will be a fantastic opportunity for us to enjoy maths and celebrate the hands-on approach to learning that we, at Iver Village Junior School, embrace.

Many thanks for your continued support and cooperation.

Yours sincerely,

Miss Zughaid
