Well done Browne Class!

This Week In School...

Year 3 – have continued to practice the expanded multiplication method and started to apply it to a range of problems. In English, they have finalised their persuasive letters to Mr Hogarth. They also enjoyed their first British Values day this week!

Year 4 – have been learning how to use bar models to help solve word problems. They have focused on using the words *whole* and *part* to write stem sentences. They have also been learning about the key features of an informal letter and how to write an informal letter to Varjak Paw (the main character from our Power of Reading book).

Year 5 – have been learning about long division and then in English, completing their write up of their science experiment relating to mentos and Diet Coke.

Year 6 – have been enjoying more of their book, The Last Wild, and have been preparing to write their own escape story in English. In Maths, they have been re-visiting fractions and have been looking at simplifying and ordering fractions. They also enjoyed a great Science lesson where the children had the opportunity to take part in the dissection of a pig's eye!

World Science Day!

Today is World Science Day and to celebrate, we have been getting everyone involved in some very exciting experiments. Year 6 have even had a biology lesson on the inner workings of an eye and how light travels through it by dissecting eyes!

Year 5 have had just as an exciting lesson learning about different types of substances and their reactions, creating an explosion from bicarbonate of soda and vinegar.

The whole school, as always, split into mixed groups and created diverse characters to write poems about, wrote *Thank You* letters to the special people in their lives and even worked on a pledge, all focussing on tolerance and respect to all.
