Important Changes to Bucks County Council School Transport

This week, Bucks County Council have launched a consultation about the Home to School Transport that they currently provide and the changes they are proposing. They will now only provide free school transport to the nearest secondary school whether this in in your county or not and regardless of the type of school facility. The service is currently not covering its costs and so Bucks County Council are looking for ideas for alternative ways of providing the service and would love to hear your ideas.

Please go to

www.buckscc.gov.uk/schooltransportconsultation
to view the full details and access to the survey.

Unless we get more volunteers we will need to cancel this event. The decision to hold the Fete or not will be made on Monday morning so if you can help please tell ASAP!

Think of the week!

If we borrow every single book from a library is it still a library?

hearing against a tree stump, a youthful boy named Issac was running his fingers through his brnet curly hair. His deep blue eyes matched the sky which looks over him. Issac's eyes dropped towards his new trings, which used to be as perfect as the clouds looked above him, but were now covered in mud. Issac's casual, skinney jeans were lightly damaged along with his tee which was to be as white as snow.

In a blink of an eye, Issac's blank gaze changed. A loud thump came from his house. Unbelievably, Issac wondered closer and closer to the noise. The doors were shut. The blinds were down. It looked as though, the house ~~been~~ has been abandoned. Issac took a deep breath as he approached the door... He reached for the ancient door handle. He twisted it firmly, the door creaked open.
