

### Brainiacs of the Week:

Browne	Annie-Jolene Owen
Blake	Kiki and Mason
Donaldson	Roma & Buster
Dahl	Leigah-Mai and Zuzanna
Morpurgo	Alicia and Callum
Kipling	Jaya and Rhianna
Rowling	Kaelynne and Cai'ro
Rosen	Jayden and Alex

### P4C - Question of the Week

If you could bring back an extinct animal which would it be and why?

### Sportiacs of the Week:

Upper School	Ola and Jimmy
Lower School	Shaun

Our office email is [office@ivjs.school](mailto:office@ivjs.school)

## This Week In School...

**Year 3** – have been very busy learning about statistics in Maths. They have created tally charts, pictograms and bar charts and have interpreted the data. In English, they have been writing biographies about Queen Victoria and discovering some interesting facts about her life. During their History lessons, they have been researching the life of Victorian children. First, they looked at those who had to go to work from a very young age and then we spent time learning about Victorian schools. They found out how very strict they were! They found the old entrance to the school for 'Boys and Infants'. In PE, they have been creating magical dance moves to the Harry Potter theme tune.

**Year 4** – have been writing a non-chronological report all about cats. They have been researching domestic cats, wild cats and fictional cats. In Maths, they have been finding fractions of an amount. In DT, they have made their pneumatic moving monsters and they all look amazing! In Science, Year 4 got to make a replica digestive system.

**Year 5** – have written setting descriptions in English. They have planned, written, edited and published their work trying to ensure they have used expanded noun phrases, commas for lists, relative clauses, commas for clarity. In Maths, they have continued to revisit adding and subtracting fractions ensuring everyone remembers to ensure that the denominator is the same. They have started their science topic about space this week and have learnt the names of the planets and facts about them.

**Year 6** – have been busy finishing their narratives to write their own endings to the book Year 6 have been reading - Rooftoppers. It will be interesting to see how many of them predict an ending close to the real one! In Maths, they have been focusing on geometry and learning about shape. As well as taking part in the Mission Zero project for the European Space Agency, in Computing, the children have been starting to create their own blogs. They have continued looking at the history of Crime and Punishment in Humanities and have this week focused on crime and punishment during the Anglo Saxon, Viking, Medieval and Tudor periods.

Please remember to send your child in to school with their hair tied up if they have long hair!

## Red Nose Day

Red Nose Day is Friday 18th March. On this day, you can help us raise money for Comic Relief by wearing your own clothes and something red to school. You could wear red socks, a red t-shirt, or even red shoes!

We are asking for a £1 donation that will go to the charity. Red Noses are also on sale in the school for £1.50.

School Pledge: 'I pledge to do all that I can, so that we can all learn and be happy at school.'

Iver Village Junior School

# Iver Village Junior School

Believe. Achieve. Succeed Together.

Date	Event
14 <sup>th</sup> Mar	Y3 Cuffley Camp Trip
15 <sup>th</sup> Mar	Y4 Cuffley Camp Trip
16 <sup>th</sup> Mar	Y5 Cuffley Camp Trip
17 <sup>th</sup> Mar	Y6 Cuffley Camp Trip
18 <sup>th</sup> Mar	Red Nose Day
28 <sup>th</sup> Mar	Parents' Open Afternoon
8 <sup>th</sup> Apr	Last Day Of Term, 1pm Finish
25 <sup>th</sup> Apr	Children Return To School
2 <sup>nd</sup> May	Bank Holiday Monday

Don't forget we are a **NUT FREE** school as we have children who have allergies! (let's leave them for the squirrels) 🐿️

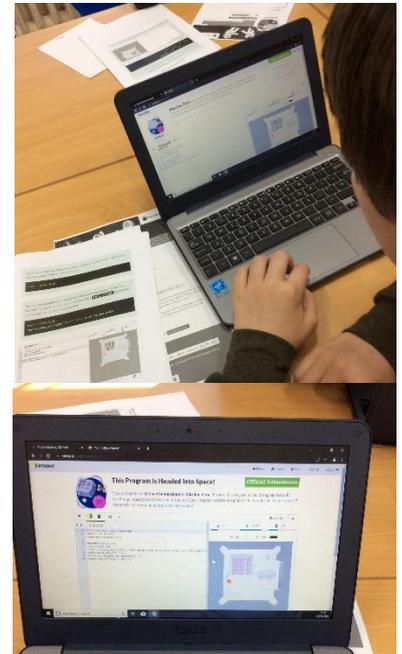

## Parents' Open Afternoon

We have had an amazing turn out for the online parents evening with over 90% of parents meeting online with the class teachers. Many parents have said that they would like to be able to come into school to see their child's work. We think this is a brilliant idea and so we have arranged to have the children's work out in the classrooms on Monday 28th March between 3.30pm -4.30pm.

Please pop in with your child to see their amazing work. If you are unable to make this time, please let the class teacher know to see if there is another time available.

## Y6 Astro Pi Challenge - Mission Zero

Children in Year 6 were very fortunate to be able to use their skills they have learnt in coding during their computing lessons (back in the autumn term) to take part in a project run by the European Space Agency - The European Astro Pi Challenge 2021/22 Mission Zero. It is an education project run in collaboration with the Raspberry Pi Foundation. This involved the children writing a program with a message for the astronauts on the International Space Station to see as they go about their daily tasks. They were also able to combine this with a little bit of science by taking part in a scientific investigation in space, asking the computers on board the ISS to take a reading of the humidity on board. The messages will be run on the ISS in May this year and following this, the children will receive a certificate recording the exact start and end times and the position of the ISS when their program ran - their piece of space science history to keep!

### Ivertastics!

Well done to:  
Annie-Jolene,  
Georgia C,  
Nazeera

## UNIFORM

Please remember, we expect all children to be back to full uniform by the Summer Term. We will still give children the option of wearing plain black trainers instead of traditional school shoes and wearing PE kits on the days the child's class has PE. We would like to remind everyone that for health and safety reasons, we do not allow children to wear jewellery. PE kits should also follow our Uniform Policy and be plain black tracksuit bottoms/shorts, a plain white t-shirt and either a plain black sweatshirt or school jumper.

Letters/Blogs out this week:

Cuffley Camp Trips  
(All Years)

Swimming (Yr5&6)

Awake Words Of The Week... Frugal  
Globe Carry Static  
Middle Sob parched Wary  
Collaborate

## Netball Training Years 3 to 6

Now offering training for boys and girls in school years 3 to 6.

Allowing for direct feed into competitive Netball.

We use the modern coaching technique called 'GameSense' which uses netball and related games to teach netball tactics and game play with skill improvement a natural progression. All this with a lot of fun, exercise and time with friends.

**We hope to see you there!**

**Location:** Iyer Village Junior school, High street, SL0 9QA

**Times:** Sundays 1pm- 2pm 6<sup>th</sup> March – 10<sup>th</sup> April

**Price:** £35 per half term

**More details:** Netball Ninjas  
hello@netballninjas.co.uk  
07799 477754

Please book to reserve your place.
