This week in school...

Year 3 – have written Viking myths using speech and have started a scientific experiment about how light affects plant growth.

Year 4 – have been creating some very suspenseful pieces of writing about being an astronaut landing on an unknown planet. They have also been budgeting for a new dinosaur park and learning about the effects of earthquakes.

Year 5 – have been to Tesco and met the fishmonger, tried a variety of cheese including chilli and lime cheese and were lucky enough to become a check out assistant and scan in their shopping. It was a great morning!

Year 6 – have been using their creative writing skills to plan a detailed play script for a scene in Oliver! In Maths, they have also been using number combinations in real life situations in order to solve mathematical problems.

A Big Week for IVJS!

As many of you are aware, we had our school inspection by Ofsted this week. We would like to thank everyone who participated in the online surveys and those who got to speak to the inspectors directly and thank you to all the children whose exemplary behaviour was noted by the inspectors.

We will be informed of the results of the inspection in a few weeks and will post the up to date report on our school website once it is published.

What a Tea Party!

Wednesday 15th June saw our Year 6 pupils hold a tea party for the local senior community. This was part of their community project organised by the local constabulary and Buckinghamshire County Council as a way to help children learn all about the local community.

Thank you to everyone who donated cakes and who came to visit our pupils on Wednesday, they really loved hearing all your stories about the area and even some involving our school 80 years ago!

Year 5 Tesco Trip

This week, both our Year 5 classes got the chance to visit the Tesco store in Gerrards Cross as part of their *Farm to Fork* initiative. The children learnt all about healthy eating, where food comes from, food hygiene and so much more. Everyone got to try some new foods and we even had our own check out staff by the end of the morning!

We would like to say a big thank you to all the staff at Tesco in Gerrards Cross for inviting us over.

Important Changes to Bucks County

Council School Transport

This week, Bucks County Council have launched a consultation about the Home to School Transport that they currently provide and the changes they are proposing.

They will now only provide free school transport to the nearest secondary school whether this is in your county or not and regardless of the type of school facility. The service is currently not covering its costs and so Bucks County Council are looking for ideas for alternative ways of providing the service and would love to hear your ideas. Please go to www.buckscc.gov.uk/schooltransportconsultation

to view the full details and access to the survey before 15th July 2016.

Gardening Clubs Plant Sale

Well done to Mrs Orr's Gardening club who sold some fantastic arrangements and hanging baskets at the plant sale this week. They made over £95 that they would like to put towards playground equipment!

Year 6 Transition Day

For many secondary schools, 12th July will be the transition day for Year 6 students to spend the day at their new school to get a taster of secondary school life before the move in September.

Chalfont Community College will be sending a coach to pick up those that will be attending Chalfont in September.

Children will be picked up at the front of the school at 8.10am and dropped back to IVJS at 3.10pm.

Thank you

Changes to Lunch Payments

Remember, due to the recent changes to payments for school lunches, please make sure that your child's lunch account does not go overdrawn.

Think of the week!

If we moved the entire school and everything and everybody in it to Africa would it still be the same school?
