This Week In School...

Year 3 – have finished some excellent explanation reports about the functions of the human body. They have also been practising their formal method of multiplication and applied it to a range of problems.

Year 4 – have had a half sports day, Miss Bjorck was rocking her bucket hat! They have been recapping multiplication word problems in Maths and writing a funny adventure narrative using the character *Hoot Owl* in English – they are hilarious!

Year 5 – have been finishing their leaflets on mountains and revising their maths skills. They have also spent time looking at human rights.

Year 6 – have seen the completion of the amazing 'Go-Givers project (including a fabulous Mini Fayre, run entirely by Year 6), culminating in a presentation at the Aylesbury Waterside Theatre! They have also continued to perfect their production!

A Not-As-Sporty Week

Although the weather seems to have had other plans for us over the last two weeks, we have still managed to get some sports fun in.

We got the chance to run a mini sports event for the students with the Sports leaders running a variety of events including netball, penalty shoot outs, long jump and tennis 'keepie-uppies'.

Year 6 Go-Givers Celebration!

Yet another fun filled week for our Year 6s!

For our Go-givers Make a Difference challenge we raised money for First Touch, a charity that helps premature babies. Some children from Year 6 went to the Aylesbury Waterside Theatre to present their work along with children from other schools. They presented a PowerPoint video and spoke about what they've done to fundraise for First Touch.

Year 6 Mini Fayre

Our Year 6s have been at it again! This Tuesday, they held a mini fayre for the rest of the school. Each class had a slot of about twenty minutes where they could play games and do a raffle. Year Six ran all the stalls and everyone had a great time.

More Beautification!

We have had even more lovelies from Mars in to help this week with our ongoing sprucing up of the premises.

This time, our new room was finished off and looking very purple so thank you to these guys and their everlasting enthusiasm for helping us!

Wow Work!

Each week we will showcase some fantastic work focusing on a particular class. This week, the spotlight is on...

Buttercup!

Dinosaurs and all that rubbish.

All of a sudden, the ground started to shake but why?

The dinosaurs quickly woke up to a smell of boiled tuna and they did not like it at all. Rubbish was all over the land because people did not respect it. You could hear a squish noise if you walk on top of a bit of red and it wasn't very pleasant. It was disgusting.

The dinosaurs were many different sizes big, medium and small. One was orange called Bob and the other two were green and one was called Alleena and the other is Matilda, and they were dark and light green. They were feeling sad because their home was destroyed. They also all had big friendly smiles unless they were sad like now.

"What's that noise?" said the orange dinosaur Bob. "It's just the rubbish quickly melting in the sun." said the dinosaur Alleena. Then they thought were to put all the rubbish. All of a sudden, Matilda said, "Let's go to put the rubbish in the volcano!" so
