## AUTUMN TERM

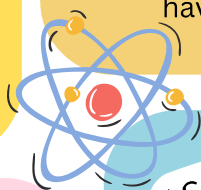

### AS SCIENTISTS

We will learn about different states of matter - solid, liquid and gas and investigate their properties, exploring how they change state. We will also explore sound, explaining how sound travels and ways to absorb sound.

### AS GEOGRAPHERS

We will learn about the continent of Africa in relation to the places we know. We will identify and locate oceans, rivers mountains and volcanoes and how they have changed over time.

### AS ARTISTS

We will explore the elements of Art looking at line, colour, value, shape, texture and space through the use of mixed media.

### AS DESIGNERS

We will understand where food comes from and explore British seasonal food. We will investigate, plan and prepare a seasonal healthy meal.

### AS COMPUTER SCIENTISTS

We will explore coding by understanding coordinates, recognising variables to create a playable game. We will understand how we can protect ourselves from online theft and identify the positive and negative influences of technology on our health.

### AS LINGUISTS

We will learn letters and sounds in French to help us create a presentation about ourselves, describing who we are. We will be able to ask questions to someone about who they are and find out about their family.

### AS THINKERS

We will compare how different religions worship, what people gain from worshiping and how it influences their lives. We will also explore the roles of places of worship in people's lives. We will explore what being part of a group means and the rights and responsibilities that come with this.

### AS HISTORIANS

We will explore Ancient Greece and place the ancient Greek civilisation in time. We will learn the difference between Athens and Sparta and about some of the Greek wars. We will compare beliefs and daily life to our own and the impact the ancient Greek Civilisation has had on the modern world.

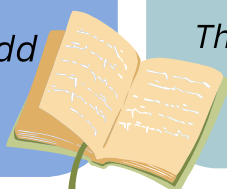

### AS ATHLETES

We will explore football and tag rugby showing skills in dribbling and footwork. We will become increasingly competent and confident to perform skills in time with a partner using compositional ideas in sequences through gymnastic routines.
