

# Year 6 Curriculum Map

## AUTUMN TERM

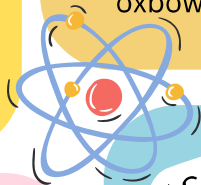

### AS SCIENTISTS

We will learn about evolution and inheritance, researching different theories including Charles Darwin and using fossils as evidence. We will also learn about Living things including microorganisms, classifying plants and animals.

### AS GEOGRAPHERS

We will learn about South America, identifying countries within it, climates, mountain ranges and how they were formed, Amazon River and explain how oxbow lakes have been formed.

### AS ARTISTS

We will explore the elements of Art looking at line, colour, value, shape, texture and space through the use of mixed media.

### AS DESIGNERS

We will investigate where in the world ingredients come from. We will demonstrate a range of food skills and techniques, following recipes from around the world.

### AS COMPUTER SCIENTISTS

We will design a playable game with a timer and score and be able to use flowcharts to test and debug a program. We will also identify the benefits and risks of mobile devices, understand appropriate online behaviour and the importance of balancing screen time.

### AS LINGUISTS

We will learn about the vocabulary for school and ask for and give opinion on school subjects. I will be able to tell the time in French and use the verb 'aller'.

### AS THINKERS

We will explore what benefits and challenges can commitment bring to our lives and investigate what helps give meaning and purpose to life. Through discussions, we will explore democracy, children's universal rights and the differences between inclusion and exclusion.

### AS HISTORIANS

We will explore Tudors and Monarchs, who they were and when they existed in history. We will use sources to explore whether Henry VIII was a good or bad king and compare his reign to Elizabeth I's. We will also investigate the Spanish Armada.

### AS ATHLETES

We will develop our defensive and attacking skills in football and tag rugby. We will demonstrate accuracy, consistency and clarity of movement in gymnastics.
